The city fascinates because it is a condensed, emphatic example of the trials of so many American cities in an era of globalization, which has brought with it intensified economic instability and seemingly intractable joblessness. The section between and was known as while under development in the 1880s. Dethlefsen and his colleague James Deetz did pioneering work in the historical archaeology and material culture of seventeenth- and eighteenth-century gravestones in New England.

**D**

Named, like the adjacent and the nearby , after , Marquess of Lorne and heir to the dukedom of Argyll.

**Timeline of London (1800s)**

The lordship of the manor of Portslade was bought on 12 February 1904 by Miss Kathleen Constance Nelson d1947 on behalf of the Poor Servants of the Mother of God, a Catholic order of nuns from St Mary's Convent at Roehampton, of which she had been a postulant and is buried in the private cemetery here. Nor has the city ever been able to do on any significant scale what Pittsburgh has accomplished with its defunct Homestead steel mill, now a shopping mall, or what New York has done with upscale condos in old warehouses—leverage the hollow shells of a productive economy into the shell games of the credit economy.

**Timeline of London (1800s)**

Now that it has entered a second gilded age, no one seems to remember that New York was a snowballing disaster forty or fifty years ago. The estate was commenced in the 1930s and mainly built in the late 1940s.
