DOSH

Interest rate information on SBA loans may be obtained from any SBA office. Give special attention to recurring accidents, types of injuries, etc. This information can help you identify workplace problems and determine what's involved in solving them.

Handbook

A state consultant will survey your workplace for existing or potential hazards.

Handbook

Unfortunately, they have experienced a loss. Whenever possible, hazards should be eliminated.

DOSH

Members of management should attend this meeting. Write down what you see or don't see and what you think you should do about it. .

DOSH

They have learned that prevention is the only real way to avoid this loss.

Driving and Transport Safe Work Method Statement (Editable SWMS)

You may not realize the extent of the exposure or harm that you and your employees face.

Your safe work method statement (SWMS) template

Thousands of workers die each year and many, many more suffer injury or illness from conditions at work. Are all emergency stop buttons colored red? Your state consultant can assist you in establishing an effective system. This handbook is not a legal interpretation of the provisions of the Act

and does not place any additional requirements on employers or employees.
