### The Ultimate Guide to Understanding Editorial Design

Very concise article on designs. It may seem simple at first, but creating a magazine cover needs a lot of thought put into it.

### The Ultimate Guide to Understanding Editorial Design

In this two part series, you'll learn some of the many principles and techniques of magazine design, starting with the cover. This is where your knowledge of typeface and the history of various fonts will come in handy. This is a failsafe combination which looks great across all genres of magazines.

### Magazine Designing

Thankfully, this tutorial will help keep you on-task and improve your understanding of the various ways to maintain speed without sacrificing quality in your work.

### Design Better Layouts—6 Professional Layout Design Tips | Blurb Blog

Still, an explanatory cover can be unique and very stylish, and it is also an excellent choice for arts, tech, and design headlines. Publishing is a rewarding field for designers, but multi-page designs can be a difficult thing to pull off at first. Nothing could be further from the truth.
