Basic Business Communication by Raymond V. Lesikar

It's arrangement and scope of coverage are comparable to the largest for profit books used in the field.

9 Most Important Business Communication Skills

It is essential for success and growth of an organization.

9 Most Important Business Communication Skills

Rather than just incorporating snippets or vignettes in a couple chapters, they actually have a whole chapter dedicated to intercultural and international communication. Those would be expected in a publisher supported text. Students found it easy to read the chapters and comprehend.

9 Most Important Business Communication Skills

I did not find any grammatical errors. Because of this attention to detail, I can envision this book being an excellent resource for an entry level junior manager or a refresher for a seasoned professional as their communication needs evolve throughout their career. He used a variety of quotes from people with origins in all parts of the world and historical periods.
