The true impact of the Ashcan School did not occur until three years later with the , by some accounts the most important exhibit ever held in the. Soon there were simply too many individuals within the organization and the members decided that splitting up in various smaller groups was a good way of better functioning and expanding their avant-garde notions through the artistic scene of the United States. It's not so much a scholarly work as a loving tribute.

Family Group

Not a formal society or school, as all were fiercely independent, they shared a common look at every day life through the lens of a journalist and

the soul of a poet. And in this sense New York City was the perfect subject for their art.
