In others, you might treat your business as its own character with a distinct story. The sections appear in a journal style paper in the following prescribed order: Experimental process Section of Paper What did I do in a nutshell? A good way to get on track is to sketch out the Introduction backwards; start with the specific purpose and then decide what is the scientific context in which you are asking the question s your study addresses. Let us know what we can improve! The take home point here is that the scientific format helps to insure that at whatever level a person reads your paper beyond title skimming , they will likely get the key results and conclusions.
