After more than thirty days journey, Vázquez de Coronado found a river larger than any he had seen before.

## Francisco Vázquez de Coronado

It is not known if he died in a storm during his final voyage in 1498, or if he returned safely to London and died shortly after. In Cartagena, Pizarro joined forces with to found a new colony, Darién, on the western side of the Gulf of Urabá. In this exploration, he hauled some supplies for Vázquez de Coronado, but eventually, he buried them with a note in a bottle.

## Francisco Pizarro

He died two years later trying to rescue a fellow explorer who had crashed at sea near Spitsbergen, Norway.

## The best Ford Dealership serving Miami

This find strengthens the evidence that Vázquez de Coronado found the Teyas in Blanco Canyon.

## Francisco Pizarro

Díaz died on the trip back to the camp in the valley of the Corazones.
