Extending from the Strait of Gibraltar to the Indus River, from the forests of Germany and the steppes of Russia to the Sahara Desert and the Indian Ocean, it took in an area of some 1. Direct trade between India and the Greek-speaking world began soon after. The Hellenistic age was characterized by a profound respect, if not reverence for Greek culture, which was felt throughout the civilized world in the West.

The Hellenistic Period

They were also noted for their brilliance in conserving water and being able to live in conditions most others could not. The Hellenistic Era

culminated in 31 B.

Hellenistic Art: Hellenism in Classical Antiquity

Neo-Gothic skyscrapers often have strong vertical lines and a sense of great height; arched and pointed windows with decorative tracery; gargoyles and other medieval carvings; and pinnacles.

The armies also included many troops who were either recruited amongst the native populations of the kingdoms, or who came from certain regions with a particularly warlike reputation. Three of the above-mentioned structures — the temple of Artemis at Ephesus, the and the — were widely regarded at the time as being amongst the Seven Wonders of the World. Like Judaism, and at almost exactly the same time, synagogues developed within Samaritanism e.
