The characteristic rash then appears on the skin, usually beginning over the neck and the face, and spreads to the rest of the body. Neurodegenerative diseases have multiple causes, including metabolic, viral, immunopathic, environmental, and epileptogenic.

**NEUROMETABOLIC DISORDERS IN INFANCY, CHILDHOOD AND ADOLESCENCE, Acta Neurologica Scandinavica**

Vitamin deficiencies can result in a variety of diseases.

**Chapter 37. Inherited Metabolic Diseases of the Nervous System**

The clinical sections are particularly noteworthy, being extensive and annotated with case histories.
