**Medical Education in the Millennium Oxford Medical Publications: Amazon.public-docs.talentcoach.ir: Jolly, Brian, Rees, Lesley: Books**

The role of primary care The role of primary care physicians, whether in offices or in emergency departments, will increase in importance, but will be challenged by non-physician health-care providers. Joining the conversation will be experts from all health care and education stakeholder domains, including patients, and students from nursing, medicine and engineering sciences.

**Medical education in the new millennium, Journal of Internal Medicine**

We met and held a discussion to select the articles that presented educational programs or developed a new and innovative program to cultivate future physicians who would work in an era of rapid technological change.

**Stanford University's Medical Education in the New Millennium**

Certainly there will be doctors who will want to practise that way, assuming there is adequate remuneration.
