Foundations Volume 2 Introduction

In all cases, the foundation at around 60 months of age builds on the corresponding foundation at around 48 months of age. Volume 1 focuses on four learning domains: social-emotional development, language and literacy, English-language development, and mathematics.

Early Childhood Music Education

Unrealistic expectations set children up for failure and often lead to frustration and behavioral issues. In other words, for each foundation the age levels are two points on a continuum of learning. Visit the to learn more.

California Preschool Curriculum Frameworks

Get our weekly newsletter for all things early child development—from the benefits of pretend play to at-home STEM activities, and teaching kindness—along with encouragement for every stage of your parenting journey.

Early Childhood Music Education

The Foundations show early educators the developmental progression that typically developing young children should experience as they grow toward kindergarten readiness.

Early Childhood Music Education

Read it sequentially or select the chapters most pertinent to you. Many states have aligned early learning standards with their kindergarten content standards. Sacramento: California Department of Education.
