山片蟠桃 1748

Yume no Shiro: The Book of Rationalism Bantō wrote a series of books about his studies titled Yume no Shiro.

Yamagata Bantō

It is first mentioned in the nō play Yorimasa circa 1430 by the great playwright Zeami. Throughout the ninth volume, Bantō blames Buddhism for spreading superstitious beliefs.

Yamagata Bantō: An Atheist in the Tokugawa Period

If I recall correctly, all three of the roofs in the foreground form part of this same building, which is also striking for its resplendent sliding doors.

Yamagata Bantō / Kameta Jirō cho

This was a severe criticism. By adopting this attitude, Bantō avoided the criticism that the no-gods argument is blasphemous. Current Shinto was gradually established over two or three hundred years.

Yamagata Bantō

They are all fashions of a period.

Yamagata Bantō / Kameta Jirō cho

As mentioned above, Christianity, which was introduced to Japan in 1549, was officially prohibited in the Tokugawa period. Hakuseki then wrote a book on Christianity and other aspects of Western societies.

Yamagata Bantō / Kameta Jirō cho

These took twenty years to complete and were finished in 1820. Moreover, Ryūō even recommends worshipping gods when he states that: As our Confucians are plain and use no skillful means, we think that there are only gods who are empty names, but since we were born and live in the land of gods we must worship them.

Gas turbines for aircraft.

All translations from Japanese are mine. As no current study comparing MNCs in Europe is at hand, the effects of recent developments like the European Single Market or harmonization of legal standards are unclear. Kumamoto Castle was originally built in the early 1600s by the great warlord Katō Kiyomasa, an ally of Tokugawa Ieyasu, the first Tokugawa shogun.
