Classify provides a user interface and a machine service for assigning classification numbers and subject headings. Classification schemes are used to provide a systematic arrangement of materials. I had never heard Swamiji say anything like this before.

### Mutations de la clarté

The Classify prototype helps librarians apply classification numbers to resources in library collections. Enter all digits found on the item e.

### Mutations de la clarté

Fight, with every battle skill and sexual sorcery she can muster. The database is searchable by many of the standard numbers associated with books, magazines, journals, and music and video recordings.

### Mutations de la clarté

I Bless You A devotee was about to make an important decision, and spoke with Swamiji about it.

### OCLC Classify

An ancient race of alien beings, known only as 'The Gods', has been watching mankind's progress. The Classify prototype is designed to help users apply classification numbers.
