## Symposium Presents New Research on the Medieval Bestiary

It was only in the Middle Ages that the cat became more common due to its skill as mouser.

### The Cat in the Medieval Bestiary

Speakers on the first day engaged the questions of uses of the bestiary, problems of interpretation and translation, and relationships between the medieval bestiary and other medieval texts.

### An Academic Bestiary for the Intrepid Job Seeker

Though the evidence is largely circumstantial, Geddes built a strong case for Bridlington priory as a center for bestiary production, and further challenged the audience to think about bestiary manuscripts as objects with long histories of their own. Following the Physiologus, Saint Book XII of the and expanded the religious message with reference to passages from the and the.

### An Academic Bestiary for the Intrepid Job Seeker

Genus and Species: Medieval Genres and the Bestiary The other three speakers on the first day examined relationships between the bestiary and other medieval texts. He was a professor of English at in Claremont from 1945 to 1966. Ganger: Dobb feels your pain on this interview because Dobb went through the same process 12 years ago.

### The Academic Bestiary by Richard Armour

. As in other places in Europe, the cat came to Denmark later than the dog. He concluded that there could be links between bestiaries and illustrated hunting treatises, but that bestiaries use images of hunting and hunters for far more symbolic means.

### An Academic Bestiary for the Intrepid Job Seeker

This is illustrated in one of the earliest bestiaries from England, The Worksop Bestiary New York, Morgan Library, MS M. His work belonged to

the literature of pastoral care: Texts for the education of parish priests and the laity for whom they were responsible. For it has such piercing sight that it overcomes the dark of night with the gleam of light from its eyes.

## **Bestiary**

British Library Sloane 3544 f. He then turned to a comparison between hunters in bestiaries and those that appear in hunting treatises, which form a distinct manuscript genre.

### **Symposium Presents New Research on the Medieval Bestiary**

Alexandra Paddock engaged the bestiary whale, and specifically analyzed the relationship between the whale as presented in the bestiary text of the late-thirteenth-century from the British Library and the Biblical story of Jonah and the Whale in a late-fourteenth-century literary poem in English about the virtue of patience.
