The Body Eclectic Evolving Practices in Dance Training A discussion of current practices in modern dance training This rich collection of essays and interviews explores modern-dance technique training from the past fifty years. Bringing recent writings on dance into dialogue with dance practice, The Body Eclectic: Evolving Practices in Dance Training asks readers to consider the relationship between training practices and choreographic style and content. Her current research focuses on mobile media, social media, and videogames as sites for choreographic inquiry and analysis, and their collective impact on movement, gesture, and cultural belonging.

Vol. 42, No. 1, Summer 2010 of Dance Research Journal on JSTOR

Contributors include Melanie Bales, Glenna Batson, Wendell Beavers, Veronica Dittman, Natalie Gilbert, Joshua Monten, Martha Myers, and Rebecca Nettl-Fiol. Though many professional dancers are still taking traditional classes, particularly ballet, the scope of their movement training is more far-ranging and fluid. This weave of opinions creates a rich tapestry that eschews the uptight tone that can overtake some academic dance writing.
