The instructional leadership role of the school principal in Thohoyandou

The value of management information was recognized during its integration stages. Time is a major limiting factor for every principal.

How can a principal motivate his teachers

A recently published literature review titled contributes to this growing body of knowledge by examining the links between student achievement and educational leadership practices. Each of the two surveys contained some items from established instruments, as well as many new items.

Impact of Management Information Systems (MIS) on School Administration: What the Literature Says

They found that principals rated highly for the strength of their actions to improve instruction were also more apt to encourage the staff to work collaboratively. Abstract First-year principals' decisions influence school performance and their own success as school leaders.

How can a principal motivate his teachers

It is apparently the case that collegial relationships among adults in the school, whether principal-teacher or teacher-teacher, lead to stronger focused instruction. In other words, the regression evidence is strong for a relatively important leadership effect.
