A Theory of the Origin of the State. This volume explores how economic agents in and around Ugarit operated in different exchange networks and how elite actors could gain power by operating across more than one network. He studies the Ancient Egyptian language in many aspects such as vowelization, syntax, morphology, etc.

History of Mesopotamia

I argue that these hermeneutical structuring principles are more important for understanding the proverbs collections than meaning or practical wisdom. The thriving economy and cultures of the late second millennium B. This was due to the n.

IOM RAS

The Sumerian Proverb collections were demonstrably reproduced as part of the education of student scribes. A comprehensive study dedicated to Akkadian and Sumerian logograms in Hittite texts, also termed Akkadograms and Sumerograms, has long been a desideratum in Hittitology.

IOM RAS

Both construct meaning through analogism and parallelistic argumentation expressed by textual means. . Nel corso della lezione saranno fornite le basi teoriche per uno studio della geografia storica e saranno analizzati tre esempi nella Mesopotamia del terzo millennio a.

Articles from journals

Different cities: Jenne-heno and African urbanism. By around the 19th century BC, much of Mesopotamia was occupied by Amorites, nomadic tribes from the west who were Semitic speakers like the Akkadians of Babylonia and Assyria, but at first did not practice agriculture like them, preferring to herd sheep.
