### How to Organize Your Classroom Library by Genre

I was able to reflect a lot on what I feel will be important for us as school librarians in terms of focus and energy. What do you do to help with library organization throughout the school year? I am planning to launch the new design next week.

### Mighty Little Librarian

Do you recommend having a library check out system? So make sure to be consistent with font and style i. The book that corresponds with their favorite snack is the book they take home to read! One of the ways we do this in our LLC is through technology and makerspace activities and providing opportunities to learn and make connections using authentic Indigenous resources.

The interface enables our students, staff, and parents to have access to a unified catalog of all holdings in MBUSD school libraries, and it promotes library to classroom to home learning and connectivity.

### **How to Organize Your Classroom Library by Genre**

Make stacks of books if you need to. Having this set up at our circulation desk forced more students to interact with us, which was GREAT! Please don't separate them, books should be books. Right now, I feel stuck.

### **Columbia Elementary Library**

Just put the sports books together! April 2019 These three lists are offered in the ranges of kindergarten to 2nd grade, 3rd to 5th grade and 6th to 8th grade.

### **Recommended books from ALSC**

One of our English teachers who is in the midst of her poetry unit with Sophomores is bringing her classes by to join in the fun. If an author has more than one series, I use the colored label protectors to separate them. I started off with the fiction collection, then continued on to complete the massive weeding of the outdated nonfiction collection.
