Initially Abwehr I-K was a technical research unit, a small fraction the size of its British counterpart, Britain's.

Hydrogenation received the highest accolade when, in 1931, Bergius the inventor and Bosch the Chairman of I. The explosions caused by the commando mission ruined the preparations of the SOE team, who might well have achieved a far more effective destruction of the blockade running vessels but for the Combined Operations raid.

The Allied Terror

At the time of the invasion itself a systematic and large-scale attempt was made to interdict all traffic to the Normandy beachhead.

power-station chimneys collapsed. The Fuehrer said this was precisely the impression he wished to create. The great lesson to be learned in the battered towns of England and the ruined cities of Germany is that the best way to win a war is to prevent it from occurring.

On the eastern front, the had taken back its mines at , from which the Germans had been getting 200,000 of the 375,000 tons their war industry required each year.
