### A Dictionary of Oromo Technical Terms Ä

Oromo is one of the most important languages of Africa, with more than 30 million speakers in Ethiopia, Kenya and Somalia as well as a further approximately 8 Million, who use Oromo as a vehicular

Filesize: 27.410 MB

or trade language. Thus, Oromo is counted as number four after Arabic, Swahili and Hausa. The result are over 20,000 entries from the natural and social sciences, grouped into 25 semantic fields.

### A Dictionary of Oromo Technical Terms Ä

During 12 years the author has monitored the development of Afan Oromo and collected the material of technical terms, specialty words and new developments for the present volume. Other members of this group are Saho-Afar, Somali, Konso, Agaw, Hadiyya and Beja. The entries were drawn from all the relevant publications in Oromo published between 1840 and 1999.

### A Dictionary of Oromo Technical Terms Ä

An introduction to the qubee and a phonemic table is provided, followed by a detailed bibliography of published works in Oromo and selected publications in European languages on Oromo. Numerous appendices listing the names of countries, their capitals and further urban settlements, geographical features i.

### A Dictionary of Oromo Technical Terms Ä

. A further merit of this dictionary is the fact that it is the first one ever published in Oromo.
