Patent

They may do so by trying to establish that the invention they are using or selling does not match any claims on the patent. The invention must fall into one of the categories of items that the law defines. The written description requirement compares the description of the invention set out in the specification with the particular attributes of the invention identified for protection in the claims.

Patent basics

While the party who patents the improvement does not get rights to the original patent, the holder of the original patent likewise has no rights to the patented improvement. Patent Act, , was enacted by Congress under its Constitutional grant of authority to secure for limited times to inventors the exclusive right to their discoveries.

Patent
