**Strange, I always thought switching minds was a utopian joke.**

It would make life easier on the next one. Women are forbidden to read, presumably to prevent their developing their own interpretations and ideas. Most people would not be able to tell the difference between the 13 th and 17 th centuries, so having Quixote, someone from the past, talking about an even older past and the return of chivalry would be complicated to handle and most the references would be lost on the audience.

**Monty Python's Terry Gilliam returns with new film The Zero Theorem**

The effect is simple and born out of necessity Marker simply had no budget and made do with access to film for only one scene but amazingly effective.

**Goddamn you all to hell: The revealing politics of dystopian movies**

The result was an intricate masterpiece notable for its detail. Simak extrapolated the post-war flight of people from the cities to the suburbs in his moving but wildly improbable series of stories assembled into City 1952.

**John Cleese on Monty Python and Political Correctness**

Gilliam Terry, The Crimson Permanent Assurance.
