## What if the Jewish State had been created in East Germany?

As soon as we have secured the land, we shall send over a ship, having on board the representatives of the Society, of the Company, and of the local groups, who will enter into possession at once. He begins by setting up a branch establishment in his future place of residence, and sending out samples of his stock. What is the principle of relief by labor? following which he appeared in Glasgow and Manchester, then gave talks in other European cities with large Jewish populations, including Vienna, Berlin, Krakow and Budapest.

### **The Jewish State**

There are three ways of raising this sum, all of which the Society will take under consideration. Besides, the duties on corn cannot go on increasing indefinitely. For then the money will be raised in another way -- by an appeal to moderately rich Jews.

### **HERZL DER JUDENSTAAT PDF**

Suffice it to say they both survive.
