Sutton ; New York: St. Law mattered in later medieval England and Ireland.

The criminal trial in later medieval England : felony before the courts from Edward I to the sixteenth century

This richly detailed study examines the English criminal trial and the nature and scope of the most prevalent felonies during the period c. As well as his accounts of the history of the branches of the law, Stephen gives several fascinating analyses of famous trials, and explores the relation of madness to crime and the relation of law to ethics, physiology, and mental philosophy.

The criminal trial in later medieval England : felony before the courts from Edward I to the sixteenth century

The author ends this instructive work with the chilling observation that sixteenth-century legal experts seem to all intents and purposes to have been blind, or at least indifferent, to the growing severity with which English criminal law was administered.

The criminal trial in later medieval England : felony before the courts from Edward I to the sixteenth century
