The final unit on self-actualization identifies aging as a peak experience, then discusses transcendence, legacies, and death. The appendix provides information on topics such as audio-visuals, journals on aging, data sources, nursing research funding sources, organizations of significance to elders, gerontic nursing education programs, and university centers and institutes.

Ebersole & Hess' Toward Healthy Aging

These must reflect some alleviation of the problem identified in the nursing diagnosis and must be stated in concrete and measurable terms. Stress, Crises, and Health in Aging 25. She had not made any major contributions to the field in terms of research or publications.
