While cases still remain relatively low compared to many countries, China is battling its worst COVID-19 outbreak in months after workers in the arrivals area at Nanjing International Airport were infected with the highly contagious Delta variant and it has since spread to dozens of cities in at least 18 provinces. I've found that it works miracles for clearing out your head and letting one contemplate problems My advice would be to throw out the book! I seem to be referencing this book a lot recently.

## The Wall Street Journal

WSJ explains the surprising factors that are driving up costs. While cases still remain relatively low compared to many countries, China is battling its worst COVID-19 outbreak in months after workers in the arrivals area at Nanjing International Airport were infected with the highly contagious Delta variant and it has since spread to dozens of cities in at least 18 provinces.

## **self improvement**
