## Yearly Overview for Sagittarius

Actual results could differ materially because of factors such as: · intense competition in all of our markets that may lead to lower revenue or operating margins; · increasing focus on cloud-based services presenting execution and competitive risks; · significant investments in products and services that may not achieve expected returns; · acquisitions, joint ventures, and strategic alliances that may have an adverse effect on our business; · impairment of goodwill or amortizable intangible assets causing a significant charge to earnings; · cyberattacks and security vulnerabilities that could lead to reduced revenue, increased costs, liability claims, or harm to our reputation or competitive position; · disclosure and misuse of personal data that could cause liability and harm to our reputation; · the possibility that we may not be able to protect information stored in our products and services from use by others; · abuse of our advertising or social platforms that may harm our reputation or user engagement; · the development of the internet of things presenting security, privacy, and execution risks; · issues about the use of AI in our offerings that may result in competitive harm, legal liability, or reputational harm; · excessive outages, data losses, and disruptions of our online services if we fail to maintain an adequate operations infrastructure; · quality or supply problems; · the possibility that we may fail to protect our source code; · legal changes, our evolving business model, piracy, and other factors may decrease the value of our intellectual property; · claims that Microsoft has infringed the intellectual property rights of others; · claims against us that may result in adverse outcomes in legal disputes; · government litigation and regulatory activity relating to competition rules that may limit how we design and market our products; · potential liability under trade protection, anti-corruption, and other laws resulting from our global operations; · laws and regulations relating to the handling of personal data that may impede the adoption of our services or result in increased costs, legal claims, fines, or reputational damage; · additional tax liabilities; · damage to our reputation or our brands that may harm our business and operating results; · exposure to increased economic and operational uncertainties from operating a global business, including the effects of foreign currency exchange; · uncertainties relating to our business

with government customers; · adverse economic or market conditions that may harm our business; · catastrophic events or geo-political conditions that may disrupt our business; and · the dependence of our business on our ability to attract and retain talented employees. The reports The Department of Indian Affairs and Northern Development was created in 1966.
