Among Puritans, the male pilgrim faced the evils of the spiritual road quite alone, and the physical decay of aging was feared.

**Gulliver, P. H. [WorldCat Identities]**

Some owners honored the choices enslaved people made about whom their partners would be; other owners assigned partners, forcing people into relationships they would not have chosen for themselves. Conflicts over whether parents or owners had control over enslaved children.

**Vol. 71, No. 4, Jan., 1966 of American Journal of Sociology on JSTOR**

An enslaved person could be sold as part of an estate when his owner died, or because the owner needed to liquidate assets to pay off debts, or because the owner thought the enslaved person was a troublemaker.

**The Family Estate in Africa : Studies in the Role of Property in Family Structure and Lineage Continuity (2014, Trade Paperback) for sale online**

Econometric analysis of cross section and panel data.

**Gulliver, P. H. [WorldCat Identities]**

Aged matriarchs were valued primarily in having set good examples for younger women by living the virtuous Christian life. He was now to learn his first lesson of obedience to a master. The contributors to this book emphasize the developmental or time dimension of the family, analysing it as a process.

However, around 1850, average life expectancy was a mere 39. Parents must realize that their deaf children may always need support from assistive communication services and other deaf individuals. Severely hyperactive, aggressive, or defiant behavior, poor parental control of the child's behavior, or consistent disengagement in therapy sessions constitutes major concern.

**The Family Estate in Africa: Studies in the Role of Property in Family ...**

The role of the Wangara in the economic transformation of the central sudan in the fifteenth and sixteenth centuries. Moreover, cell phones promote individual thinking and networks of external support and propitiate virtual proximity in the double sense of the word virtual.
