Site 001, South Branch Trail Camp Group Site

All water sources in the Park should be considered suspect and all water should be treated.

Sporting Lodge

The 2,935-acre West Canada Mountain WCMPA is the largest of the three primitive areas associated with the wilderness. There are no stores within Baxter Park to obtain food or meals. It doesn't have the spectacular scenery or vast expanses of, say, the Hiawatha National Forest.

Sporting Lodge

A designated primitive tent site is located nearby.

Camping Checklist

Water is an important component of the natural ecosystem and provides a wide range of aquatic environments. Established cutoff time for leaving to hike to Russell is 2:00 p.

West Canada Lake Wilderness

It is surrounded by private lands on the north, east and west.

South Branch Pond Campground trails, Baxter State Park

This trail receives minimal maintenance and may be hard to follow.

South Branch Trail Camp Group Site, Huron

The trail is not in the wilderness but rather is a corridor that serves as the boundary between the Little Moose Mountain Wilderness and the West Canada Lake Wilderness. Travel 3 miles to the campground entrance. If traveling from the south, go US-23 north to M-65.
