Inconceivable conceptions : psychological aspects of infertility and reproductive technology

Pour la France il est vital de maintenir des liens privilégiés avec ses anciens « fiefs ». Affirmé en cela par le retrait forcé de la France de ses mandats en Syrie et au Liban en 1945. Des années soixante aux années quatre-vingt, la famille franco africaine est indissociable des liens coloniaux entre des dirigeants africains formés par nos universités françaises et leurs camarades de faculté ...!.

Inconceivable Conceptions: Psychological Aspects of Infertility and Reproductive Technology by Jane Haynes

The imaginative choice of contributors ensures that we are both informed on many levels and stimulated into thinking further about the growing dilemmas. In this book, a distinguished range of contributors, including novelist Hilary Mantel and Germaine Greer, examine the experience of infertility from both male and female perspectives, the psychological aspects of infertility diagnosis and treatment, and the often radical and unexpected effects on kinship. Mais elle a surtout fortement et cruellement marquée aussi bien les anciens pays colonisateurs que les nouveaux

États devenus indépendants.

Inconceivable conceptions : psychological aspects of infertility and reproductive technology

Review At a time when many of us are struggling with the mass of new information about ART and attempting to assess the impact that it will have on people's lives, the editors have helped us to fill many gaps in our knowledge. Drawing from a wide range of theoretical backgrounds including Jungian, analytical, and compelling personal reflections, this book aims to unravel the implications of advancing reproductive technology for our understanding of ourselves and our families.

Inconceivable Conceptions

Elle s'attache toutefois à être également une revue généraliste en traitant de tous les sujets de société. Diane Finiello Zervas, Dark Reflections: The Shadow Side of Assisted Reproductive Techniques.

Inconceivable Conceptions: Psychological Aspects of Infertility and Reproductive Technology

Autant de raisons qui nous font espérer que chacun se reconnaîsse dans cette publication. Juliet Miller, Mourning the Never Born and the Loss of The Angel. Psychological Aspects of Infertility and Reproductive Technology.

Inconceivable Conceptions

Prior to training as an analyst she worked as a documentary film maker on environmental, social and women's issues. The imaginative choice of contributors ensures that we are both informed on many levels and stimulated into thinking further about the growing dilemmas.
