## Opinion: Biden inherits a tech Cold War with China after Trump ratcheted up the battle

That effort also failed and indeed backfired. APEC can provide that framework.

## Nutraceutical and Functional Food Regulations in the United States and Around the World

This is usually through tariffs, quotas, taxes, and other trade restrictions. A further rebuff for the administration came in October, in the 1991 foreign aid bill.

## How can we harmonise international investment law?

It was John Maynard Keynes who proposed in the 1940s that a world trade body should have emergency measures for handling threats to the world trading system arising from chronic surpluses as well as from excessive deficits. The new prime minister, Goh Chok Tong, is his designated successor, and the main consequences of the transition are likely to lie in Goh's less confrontational style, rather than in any foreign policy matters.

## Hunter Biden business dealings spark fear Joe Biden won't take 'tough policy toward China'

ATP was zeroed out by Congress in the 1996 budget cycle, although President Clinton vetoed that bill and secured a compromise that allowed ATP to survive with a 49 percent budget cut.

## The Asian

They vary considerably in terms of their areas, populations and levels of economic development. Some of the larger ones attain enough global power and geographic diversification to be difficult to break up via domestic anti-trust laws. For Europe, China is a crucial economic relationship today and is becoming even more important in the future.
