## YIVO

During the war the topic was revived as a bargaining chip to get more help in the war effort. Along those lines, Felix Warburg largely financed the creation of an Institute of Jewish Studies at the Hebrew University.

## Jewish agricultural colonies

Judging from the above, we would have considered it appropriate to establish a Jewish Soviet Republic in one of the regions where it is possible for political reasons. But then during the next 30 years, up until 1914, the Jewish population increased nearly five fold, to reach 300,000. And both New York and nearby Philadelphia provided large markets for produce and eggs.
