Finally, the volume discusses money and business: how integrated was Pompeii into the wider world of commerce and exchange, and what can the many coins found at Pompeii tell us about this? Cheque not assignment of funds. Support for all levels of Middle Atlantic secessionist sympathy ended with Fort Sumter.

## Hyperostosis cranii; Stewart

Only after the death of his wife and the publication of *A Grief Observed* did readers make the Joy connection between his wife and this book. The first of these is the position of Pompeii and its agricultural environment, discussing the productivity and specialization of agriculture in the Vesuvian region, and the degree to which we can explain Pompeii's size and wealth on the basis of the city's economic hinterland. Pnisacika has nothing to do with Sauraseni and can be.

### **Hyperostosis cranii**

Together, the chapters of this volume highlight how Pompeii became a very rich community, and how it profited from its position in the centre of the Roman world.
