**Harnessing Science, Technology and Innovation for Sustainable Development (2005)**

**Harnessing Science, Technology and Innovation for Sustainable Development (2005)**

This concentration of expertise means that the region relies on a handful of countries to push forward the STI agenda and, thus, there is large scope for diffusion of STI activity.

**Strength enhancements induced during cold forming of stainless steel sections**

Governments have an important role to play to ensure that impact investment thrives through regulatory incentives and the creation of an enabling environment capable of increasing the pipeline of social enterprises for impact investment .
