9780006342625: Europe Transformed, 1878

Stone explores the political history of the period running up to the war, setting events in the context of social, economic and cultural changes. Spine still tight, in very good condition. He reveals the individual character of the European countries, discussing the five Great Powers in essay rather than narrative form.

9780006342625: Europe Transformed, 1878

There really cannot have been a teacher like Norman Stone for many years, and his readers will now jealously compete with his pupils for his time.

Europe Transformed: 1878

The book closes with an essay about the cultural scene at the start of the twentieth century that is fine as far as it goes but ends abruptly.

Europe Transformed 1878

He treats war and revolution in a separate section and concludes by considering the cultural developments of the period.
