It caused the French to pause in their thinking they could conquer Britain with sea and land forces in a cross-channel attack. I had no intent of publishing anything, but concluded it might be useful publish the rationale, then to list names of California soldiers, visiting sailors, and other men who were of the right age to make the donativo. The work was done in the cottages by people who were engaged also in agricultural labour, and it was done by hand, or with the help of hand- worked implements.
