Teaching Faculty

The Institute was formed to administer programs that would permit science faculty members from institutions of higher learning to visit Oak Ridge and to avail themselves of the outstanding nuclear facilities at Oak Ridge National Laboratory, to further their research, and to enrich their teaching programs on return to their home campuses.

Antebellum

Prerequisites: and with a minimum grade of 'C+'. In the past, such groups have covered coping with stress and tension, exploring career goals, assertiveness, enhancing relationships, and understanding eating disorders.

Shakers

Students planning to enter schools of medicine and dentistry can prepare for admission by completing any of the regular departmental majors in Program I or by completing Program II, and by taking those courses required by the professional schools of their choice. Among them are: 1 a living situation conducive to and supportive of academic pursuits, 2 privacy, 3 maturity and responsibility of both individuals and living groups, 4 security, 5 financial responsibility, 6 individual and group freedom of life style that does not infringe upon the liberty of other individuals or living groups, 7 an atmosphere of discretion and consideration regarding personal matters. Focus is on developing competencies in leading edge computer applications: spreadsheets, graphics, word processing and operating systems.

Sur la Pointe on the Prairie: Giuseppina Morlacchi and the Urban Problem in the Frontier Melodrama

Additionally, those involved in the program will participate in a training program encompassing several hospitals in the Baltimore area. Universities Space Research Association USRA The USRA was incorporated to constitute an entity in which universities and other research organizations may cooperate with one another, with the government, and with other organizations toward the development of knowledge associated with space science and technology, as well as to acquire, plan, construct, and operate laboratories and other facilities, and for research, development, and education associated with space science and technology. The people of Scotch, Scandinavian, and German extraction who built up the area began moving farther west about 1940.
