## MUS 1030 Introduction to Music

We will discuss pitch, rhythm, dynamics, melody, and form. She has taught music appreciation to thousands of undergraduate students, and has been an author of The Enjoyment of Music since 1988. These elements, when combined create the music that we hear and play.

### Resource Pricing

Please do not email your classmates unless the topic relates specifically to this course. APR grades are not a part of your permanent record and therefore are not a part of your semester or cumulative GPA.

### Student Resource DVD: for The Enjoyment of Music: An Introduction to Perceptive Listening, Tenth Edition Dvd& Stu Edition
