Also on the ground floor you can see several of the grand rooms of the castle such as the hunting room and the room of the Bourbons as well as the 18th century kitchens and the collection of traditional horse-drawn carriages. The Château de Chambord park is as vast as inner Paris. This imposing Palace is massive and extravagant.

Chateau de Chambord, France: visitor information and tourist guide

As the château had been constructed with the purpose of short stays, it was not practical to live in on a longer-term basis. History and architecture of Chateau Chambord Chateau Chambord was built in the first half of the 16th century, in what is known as the 'French renaissance' style.

The must

Find your way back to the stairway expect to get turned around a few times, particularly if you explore the balcony walkways , and visit the rooms devoted to the Count of Chambord, the final owner of the château. Similarly, as the château was not surrounded by a village or estate, there was no immediate source of food other than game.

A photo guide to the Chateau de Chambord Loire Valley

A French military leader was then given the property by Napoleon - he died soon after and his widow sold the castle to the Duke of Bordeaux, who soon after got exiled from France. After the French Revolution Chambord was looted and pretty much neglected. The volcanic tuff stone used to build the spires is soft and not very durable---particularly when so exposed to the elements.
