## Printing Museums in Australia

Additional free street parking is also available. The quality is what really caught my eye.

## International Printing Museum

Some of his type was made into film and digital fonts by VGC and Compugraphic in the 1960s and 1970s, but it all exists as individual pieces of wood and metal, to be set by hand, one letter at a time. Also on hand was the producer and co-host, journalist Linda Gasparello.

## 1000Museums: The World's Leading Retailer of Museum

Frank Romano has also been collecting books and journals related to printing and the graphic arts for many years. He spends nearly every day here with volunteers and visitors, working to share the history of print with young and old alike. These include the Hyakumanto Dharani, said to be the oldest printed matter in the world, printed material and type, tools and machines from all countries and eras form a collection running to 70,000 items, of which around 300 are on exhibit.

## 1000Museums: The World's Leading Retailer of Museum

The ragtag group of Boston print conservators included Frank Romano. Luckily for them, the proprietors of the The Boston Globe stepped in again with free warehouse space for long-term storage. It has a large collection of typewriters on display including a few from the nineteenth century.
