### Antoni Tàpies

One of the first to create serious art in this way, he added clay and marble dust to his paint and used waste paper, string, and rags Grey and Green Painting, Tate Gallery, London, 1957.

### Antoni Tàpies

Because of this he began using larger items, such as pieces of furniture, in his works. His legacy is preserved through the Antoni Tàpies Foundation in Barcelona. On a French government scholarship in the early 1950s he lived in Paris, to which he often returned.

### Antoni Tàpies

He became known as one of Spain's most renowned artists in the second half of the 20th century.

### Antoni Tàpies

In 1948, Tàpies helped co-found the first Post-War Movement in Spain known as Dau al Set which was connected to the and Movements. These works include Tàpies reflecting on things such as art, life, and politics.

### Antoni Tàpies

Due to this, Tàpies grew up in an environment where he was very much exposed to a cultural and social experiences of leaders in the Catalan public life and its republicanism. At 17, Tàpies suffered a near-fatal caused by tuberculosis. Art Informel in Europe was the equivalent to Abstract Expressionism in America.

### Antoni Tapies Prints For Sale

On a French government scholarship in the early 1950s he lived in Paris, to which he often returned. Tàpies' international reputation was well established by the end of the 1950s.
