Manitoba

Like the Census of Population, data is held confidentially and anonymized as necessary.

Censuses

Abattoirs and flour mills directly serviced the agricultural economy while service industries, railway shops, foundries and food industries also expanded. Over the last several years Library and Archives Canada has digitized their microfilms of the original census forms for several of the Canadian censuses and Automated Genealogy has organized volunteers to produce indices to the people enumerated in these censuses.

Canada. Dept. of Agriculture

Marié ou non marié Married or single Column 10. À partir de 1851, toutes les personnes, et non plus seulement les chefs de famille, étaient recensées, et un recensement agricole était complété séparément.

Census of Manitoba, 1946 = Recensement du Manitoba, 1946 : CS98

Although Winnipeg's pre-eminence within the province is unchallenged, certain urban centres dominate local trading areas. Quantity of coal raised Column 47.

Focus on Geography Series, 2016 Census

Lot entier ou partie du lot Lot or part of lot Column 4.
