Moral Universalism

Even claims for narrow forms of identity, as proponents of queer and hip-hop nations tacitly grasp, have managed to find in the universalism of the tradition a haven for their own tribal huddling. I stress this interpretation because it connects with a view of self-respect that has been proposed by Thomas Hill Jnr.

Herbert Marcuse's critical confrontation with Martin Heidegger, 1928 to 1933 and beyond Stanford Univ.

Universalism and Jewish Values

So the issues we have to address here are whether the equality principle in question is valid, what its scope is, and whether it should be regarded as a constraint on democratic decisions over the use of public space. After the lecture, a conversation with prof.

The Reinvention of Politics: Rethinking Modernity in the Global Social Order

The United Nations Charter describes the aim, structure, bodies and the procedures of its activity, directions for its activity, and the principles for the United Nations membership.

Modern, Anti, Post, and Neo: How Social Theories Have Tried to Understand the “New World” of “Our Time”, Zeitschrift für Soziologie

Cecilia Muñoz documents a source of fragmentation at least as crucial as immigrants' refusal to embrace American culture: restrictions on classical

American notions of citizenship, due process, and rights that characterized congressional immigration initiatives in the late 1990s. This concept and its related body of work are largely forgotten today, associated with a time and set of circumstances that have passed. My claim is that his new book marks a shift from a more speech-oriented to a more body-oriented understanding of language.

The Reinvention of Politics: Rethinking Modernity in the Global Social Order

Yet now even at the time of this writing, there is a backlash against neo-liberalism from the right in a search for an older order which is still anti-political and from the left for more public power on the streets. Since international human rights law is used in this study as the term of reference for measuring democracy, the reliance on a particular theory or hypothesis to guide the study has not been appreciated.
