## A confederation between Israel and Palestine can resolve the conflict

Do you think that the facts cited by Khaled Abu Toameh are not known to Western leaders and Western media? Heads of government from all over the world devote their attention to it; high-level emissaries come to the region to try their hand at mediation and compromise. ## Israelis and Palestinians Work Together to Fight COVID

After deciding to educate myself on the Israeli-Palestinian conflict, I chose this book as an entry guide, a move that was ambitious, as the writing is long-winded and dry. ## **A Realistic Solution To The Israeli**

This is due, in part, to repeated terrorist attacks and continued pushes for more land by both sides.
