## Reading: Lines of Descent and Family Stages

The means of survival is carried out mostly by the women. . Totemic clans, in which membership is periodically reinforced by common rituals such as sacred meals, have been of special interest to social anthropologists and sociologists of religion.

## Descent

This is variable from culture to culture. Still, traditional families such as those in Family Ties and The Cosby Show dominated the ratings. The religious and moral training of children have always been bound with the home.

## The Nature of Kinship: Descent Principles (Part 1)

Demographic variables specify age, sex, race, education, place of birth, marital status, occupation, length of residence in the Detroit area, home ownership, length of time at present residence, number of children, original nationality of husband's and wife's family, political affiliation, and amount and sources of income by Daniel Miller 3 editions published in 1984 in 3 languages and held by 18 WorldCat member libraries worldwide This study contains data on child-rearing practices of mothers of children aged 18 and younger. Weber has identified various types of action which are distinguished by the meanings on which they are based.

## Sociology

Some societies trace through both parents e. At its most basic levels, according to the Sociology Group, kinship refers to: Descent: the socially existing recognized biological relationships between people in the society. Marriage ... Cerogamy: It is two or more men get married to two or more women.

## The Matrilocal Tribe

Though in modern times there are many hotels and clubs which also provide recreation to man, but the joy a man gets within the congenial circle of

his wife, parents and children stands far above the momentary pleasure which is provided by clubs and hotels.
