Or is the story basically lies, in which case Slashdot has just turned into the biggest warez site on the web.

DESQview

I finally found an HP model with a riser card for ISA support. Browser Terminology Since the Source Browser can be used with programs written in languages other than BASIC, some of the terms the Browser uses to refer to symbols may not be familiar. The real reason they won't release any kind of info docs or the source to their drivers is that their plan is to segment the market via driver tweaks.
