Clicking the traffic light icon opens up the website scorecard where you can find out more information about a website's reputation and other users' opinions.

IE Assistant

Our free scanner is what put us on the map. Our new Malwarebytes Katana detection engine finds more threats, in less time, with less performance impact.

IE Assistant

You just check the ones you want to download. Get rid of all the pop-ups, blinking banners, YouTube ads and the ads in your Facebook news feed. All in all, we weren't compelled to pay for what this short seven-day trial version showed us.

IE Assistant

You can accomplish most of what IE Assistant offers with pre-existing Windows and browser tools. In our tests, IE Assistant wasn't able to grab a screenshot of a whole Web page if you had to scroll to reach the bottom.

IE Assistant

Our all-new user interface makes it easier than ever to customize your protection. Great for surfing Web pages that are updated often.
