Spinal cord injury

Neck pain is a common presenting symptom in the primary care setting and causes significant disability.

Spinal trauma

The pathophysiology of spinal cord injury and the medical and surgical treatment compose the first section. Hsu JM, Joseph T, Ellis AM 2003 Thoracolumbar fracture in blunt trauma patients: guidelines for diagnosis and imaging.

Spinal Trauma Imaging, Diagnosis, and Management (2006) (PDF) Eric D. Schwartz

Fractures of spinous processes, facets dislocations , and laminae. However, long-term data for these interventions are limited. The discussion of the principles of anisotropy and diffusion tensor imaging is quite useful reading in an academic setting and increasingly so outside of academia.
